TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of appetite, Bowels constive, Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Nervousness, Fluttering at the heart, Bots before the eyes, highly colored urine, CONSTIPATION and demand for use of a remedy that acts directly on the liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the kidneys and skin is also prompt; removing all impurities through these three "scavengers" of the system, producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work and are a perfect ANTIDOTE TO MALARIA.
